Construction Pathways

Certificate I in Construction – D2C

Course Description
The Building, Construction and Furnishing Vocational Pathways are designed for students who are interested in a career in the building industry. This program provides the opportunity for participants to experience, first hand, work in the building industry while at school and to gain the base level qualification, Certificate I in Construction. It provides participants with industry-accepted skills that may benefit them in the transition from school to work.

Benefits for students
- Will acquire skills to be ‘work ready.
- Will be valuable members of any organisation.
- Comprehensive work placement program.

Pre-Course Experiences/Pre-requisites
No pre-requisites are needed, however, students should:
- be in year 11 and 12;
- have a passion for being part of the Building Industry.

Structured Work Placement
Students undertake work placement in industry off site. They are assessed on-the-job and this forms part of the student’s Vocational Education and Training assessment requirements in completing the competencies required for the certificate. Four weeks work placement is required.
